

## Assignment 2 (covers sessions 2 & 3)

1. The first part of the homework can be found [here](#). Make sure you follow the instructions inside the Google Colab file. **Please upload your code as a .pdf on Canvas with the results printed out.**
2. Try to replicate the code from the first part (above) using only ChatGPT. In your submission, include either a link for the entire chat history, or screenshots with each prompt and answer combination. Note: if you include pictures or attachments in the prompts of your ChatGPT chat, you may be unable to link to the chat afterwards.
